Re: 266N-LA-2210643, 03/19/2018

- The leader of the chat is referred to as "BEN (DALEY)" and talks as if he is in Southern California.
- DALEY is ordering everyone to get Polo's and Khakis for future events (RAM wore white Polo's and Khakis at Charlottesville "Unite the Right" protest/rally).
- They mention and talk about the current Atomwaffen Division and how their Southern California leader comes from Iron March.
- "BEN (DALEY)" - leader of the discussion mentions how he knows a bunch of people from Identity Evropa.
- They say that "I heard the Los Angeles (LA) Identity Evropa is the American Freedom Party" and how (BEN DALEY) has been meaning to go get dinner with the leader in LA.
- They then talk to an Oklahoma member who states he is currently in the Marines and is afraid of getting kicked out.

Also of note:

- Open source information relating to the same blog post as the Skype audio release reveals the Twitter account (@TrueRebellionWA) talking about American Vanguard (AV), "You guys don't get it, Ghoul screwed up by deleting everything, him snitching or not is the bigger crime... but running gave AntiFa POWER" by Matthew Maci (@TrueRebellionWA) December 30, 2016.
- "Ghoul" is referring to a supposed member of AV. This Twitter account, (@TrueRebellionWA) who implies they have insider knowledge of AV is now the same user as (@willisSusan4), who goes by MATTHEW MACI.
- Both of these accounts, when you refer to current open source available on Twitter, were in communication with another Twitter account whose user, SAM WOODWARD, was recently incarcerated for the murder of BLAZE BERNSTEIN in Orange County, CA on 01/03/2018.
- COOPER WARD, is referenced as the former Deputy Director of American Vanguard (formerly American Reaction).
- American Vanguard is now RISE ABOVE MOVEMENT (RAM).

The Skype audio session was captured and preserved from the following URL and shall be maintained as original items of evidence:
